Founded by artists in 1990, the Kentler International Drawing Space has given New York exposure to over 900 artists from around the country and around the world. The Kentler presents shows of important contemporary drawings and work on paper by emerging and under-recognized American and international artists and works energetically and creatively to integrate these shows into the cultural fabric of the community. We encourage dialogue and interaction between exhibiting artists and the public while providing artists with the opportunity to experiment, explore and expand the definition of art in society.

Exhibitions, events and education programs are made possible with public funds from: The New York State Council on the Arts, a state agency; The New York City Department of Cultural Affairs in partnership with City Council. Other sponsors include: The Fort Trustee Fund, Community Foundation of the Chattahoochee Valley; JPMorgan Regrant through Brooklyn Arts Council (BAC); Congresswoman Nydia Velázquez; New York City Council Discretionary Award / Council Member Sara Gonzalez; Target; Materials for the Arts, NYC Department of Cultural Affairs / NYC Department of Sanitation/ NYC Department of Education.
