CALL FOR PROPOSALS

The **Kentler International Drawing Space**, located in a storefront space in Red Hook, Brooklyn, opened its doors in April of 1990. The Building was built in 1877 by the Kentler family as a men's haberdashery which served the seaport community and was renovated in 1987 by artists as part of New York City's Artist Housing Program.

The gallery is dedicated to bringing important and timely contemporary art by artists, both nationally and internationally, to the public. An archive of works on paper is available for viewing by curators, collectors and the general public. The gallery is a non-profit artist run space which presents monthly and bi-monthly exhibitions and installations of **DRAWINGS AND WORK ON PAPER**. Using the means and accessibility of drawing and paper as a basis, artists are invited to experiment, explore and expand the definitions and the parameters of art.

Each artist is responsible for the installation, reception, gallery sitting (suggested by not required), and preparation of the gallery for the next show. There is a donation fee towards exhibition expenses.

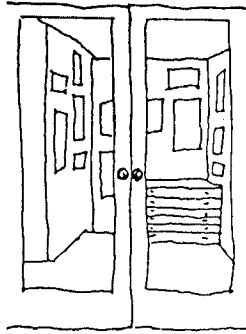

Shows and events are scheduled a year in advance. Curators, artists, and collaborators are invited to send a proposal description, a slide sheet of their work, and a resumé. Slides will be kept on file for viewing in the Kentler gallery unless otherwise requested return. (SASE)
