Kentler International Drawing Space, founded by artists in 1990, is a 501(c)(3) nonprofit exhibition space that presents exhibitions of important contemporary drawings and work on paper by emerging and underrecognized local, national and international artists as part of the cultural fabric of the community. We encourage dialogue and interaction between exhibiting artists and the public while providing artists with the opportunity to experiment, explore and expand the definition of art in society. Flatfiles of drawings and works on paper by over 140 artists are available for viewing by the general public by appointment.
